

ELA sanitary container
Class Business
Container with WC, shower
or as combination

ela[container]

Short description

Temporary workplaces and living areas require suitable sanitary areas. It is easy to add these with ELA sanitary containers. These containers are also a reliable option for use as public toilets or washrooms on campsites.

The ELA sanitary containers are available in various basic versions. The plastic-coated walls and galvanised floors with protective coating make the spaces extremely hygienic and easy to clean. They offer plenty of comfort too. Electric heaters, frost monitors and mineral wool insulation maintain pleasant temperatures even in the depths of winter. Partition walls and room dividers create the required privacy. If necessary, ELA sanitary containers can be expanded with compatible waste water tanks. High-quality materials also guarantee a service life far beyond the standard.

OOO "ELA Container RU" staff take care of the construction and final assembly. If you have any questions about assembly or use of the containers, ELA will be happy to provide quick and expert support.

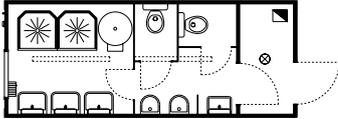

Features

- + 3 mm thick, welded steel structure consisting of ungalvanised cold-rolled profiles (the frame can be manufactured with galvanised profiles on request)
- + Standing seam roof (with integrated roof drainage on request)
- + Floor made of steel profiles, 22 mm thick cement bonded particle board, Dunloplan PVC flooring
- + High-density mineral wool as thermal insulation:
Roof: 60 mm mineral wool, $U=0.69$ W/m²K and a 100 mm mineral wool slab, $U=0.39$ W/m²K
Walls: min. 60 mm mineral wool (depending on climatic region)
Floor: 100 mm mineral wool insulation between floor crossbeams, $U=0.37$ W/m²K
(Other thermal insulation variants are available on request.)
- + The frame profiles are insulated with mineral wool slabs to prevent thermal bridges
- + Inner cladding of smooth galvanised sheet with plastic coating, colour: RAL 9002 (grey white)
- + Skirting strips and cornices
- + Maximum snow load of at least 200 kg/m² (depending on climatic region)
- + Exterior colour: RAL 9002 (grey white), frame colour: RAL 7016 (anthracite grey)
- + Electrical input and output CEE 400 V/32 A
- + Fuse box with RCD (40/0.03) and circuit breaker
- + Electric convector heater with thermostat

Other versions and equipment available on request.

20-foot sanitary container with 2 showers/2 WCs

L x W x H: 6,055 x 2,435 x 2,890 mm
Ceiling height: 2,500 mm
Floor space: 12.6 m²

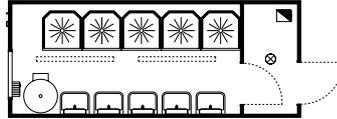

Equipment

- + 2 shower cubicles, 2 WCs, 2 urinals, 4 sinks
- + Mirror, towel hook, toilet roll holder, soap dispenser, paper towel dispenser or hand dryer, waste bin, toilet brush
- + 1 window, approx. 800 x 1,200 mm with tilt-and-turn fitting, with decorative glazing, no roller shutter
- + 1 fan heater, 2 kW
- + 1 hot water tank, 300 l
- + 1 electric wall vent
- + Supply and drain
- + Input and output connector CEE 400 V/32 A
- + Fuse box with RCD
- + LED lights with moisture protection, light switches, sockets

20-foot sanitary container with 5 showers

L x W x H: 6,055 x 2,435 x 2,890 mm
Ceiling height: 2,500 mm
Floor space: 12.6 m²

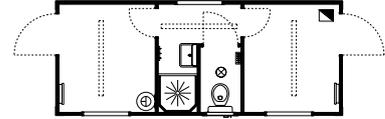

Equipment

- + 5 shower cubicles, 5 sinks
- + Mirror, towel hook, toilet roll holder, soap dispenser, paper towel dispenser or hand dryer, waste bin, toilet brush
- + 1 window, approx. 800 x 1,200 mm with tilt-and-turn fitting, with decorative glazing, no roller shutter
- + 1 hot water tank, 400 l
- + 1 fan heater, 2 kW
- + 1 electric wall vent
- + Supply and drain
- + Input and output connector CEE 400 V/32 A
- + Fuse box with RCD
- + LED lights with moisture protection, light switches, sockets

20-foot sanitary container, black/white

L x W x H: 6,055 x 2,435 x 2,890 mm
Ceiling height: 2,500 mm
Floor space: 12.6 m²

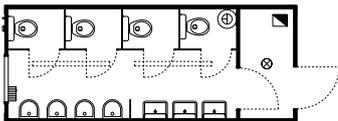

Equipment

- + 1 WC, 1 shower cubicle, 1 sink
- + Mirror, towel hook, toilet roll holder, soap dispenser, paper towel dispenser or hand dryer, waste bin, toilet brush
- + 1 window, approx. 800 x 1,200 mm with tilt-and-turn fitting, no roller shutter
- + 1 bathroom tilt window, 600 x 400 mm with decorative glazing, no roller shutter
- + 1 fan heater, 0.5 kW
- + 3 electric convector heaters with thermostat, 2 kW
- + 2 electric wall vents
- + Supply and drain
- + Input and output connector CEE 400 V/32 A
- + Fuse box with RCD
- + LED lights with moisture protection, light switches, sockets

20-foot sanitary container with 4 WCs

L x W x H: 6,055 x 2,435 x 2,890 mm
Ceiling height: 2,500 mm
Floor space: 12.6 m²

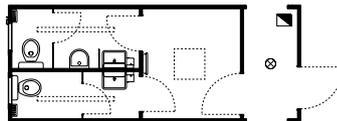

Equipment

- + 4 WCs, 4 urinals, 3 sinks
- + Mirror, toilet roll holder, soap dispenser, paper towel dispenser or hand dryer, waste bin, toilet brush
- + 1 window, approx. 800 x 1,200 mm with tilt-and-turn fitting, with decorative glazing, no roller shutter
- + 1 fan heater, 2 kW
- + 1 hot water tank, 30 l
- + 1 electric wall vent
- + Supply and drain
- + Input and output connector CEE 400 V/32 A
- + Fuse box with RCD
- + LED lights, light switches, sockets

20-foot sanitary container with 2 WCs (male/female)

L x W x H: 6,055 x 2,435 x 2,890 mm
Ceiling height: 2,500 mm
Floor space: 12.6 m²

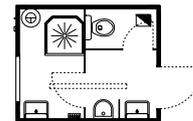

Equipment

- + 2 WCs, 1 urinal, 2 sinks
- + Mirror, towel hook, toilet roll holder, soap dispenser, paper towel dispenser or hand dryer, waste bin, toilet brush
- + 2 bathroom tilt windows, 600 x 400 mm with decorative glazing, no roller shutter
- + 2 fan heaters, 2 kW
- + 2 electric wall vents
- + Supply and drain
- + Input and output connector CEE 400 V/32 A
- + Fuse box with RCD
- + LED lights, light switches, sockets

10-foot sanitary container with 1 shower/1 WC

L x W x H: 3,000 x 2,435 x 2,890 mm
Ceiling height: 2,500 mm
Floor space: 5.6 m²

Equipment

- + 1 shower cubicle, 1 WC, 1 urinal, 2 sinks
- + Mirror, towel hook, toilet roll holder, soap dispenser, paper towel dispenser or hand dryer, waste bin, toilet brush
- + 1 bathroom tilt window, 600 x 400 mm with decorative glazing, no roller shutter
- + 2 fan heaters, 1 kW
- + 2 electric wall vents
- + Supply and drain
- + Input and output connector CEE 400 V/32 A
- + Fuse box with RCD
- + LED lights with moisture protection, light switches, sockets
